- Notes: 1. See Contributors List for complete listing of Company Names
2. Many sprockets are readily available for Bored-to-Size mounting in addition to the bushed mounting system listed.
3. Sprockets listed are those that are readily available. Many manufacturers can furnish other designs upon request.
4. Mixing belt profiles may result in reduced life.
5. Trade names indicated are registered by the manufacturer indicated, except HTD® which is a registered tradename of Gates Corporation and Taper-lock® which is a registered tradename of Rockwell Automation.
6. QDB sold under tradenames such as Q-D® registered to Emerson Electric and Sure-Grip® registered to TB Wood's Incorporated.
